**Re: ADMINISTRATIVE RESULTS: Murphy Creek East/Harvest Ridge Master Plan Amendment**  
Application Number: DA-1250-46  
Case Number: 2007-7003-03

Dear Mr. Huey:

Congratulations! The Planning Director, George Adams, administratively approved your application for the Murphy Creek East Master Plan Amendment (Case Number 2007-7003-03).

A copy of the Director's decision and the Case Manager's case report has been sent to you under separate cover. Please note that this administrative approval may be appealed by an abutting property owner or called up for further review by a majority vote of the City Council.

If you have any questions about the Planning Department's approval process, please feel free to give me a call at (303) 739-7184.

I would like to remind you that before construction or building permits can be issued for your project, review and approval of the construction drawing sets must be completed. Civil plans need to be submitted to the Engineering Division of the Public Works Department and building plans need to be submitted to the Building Division of the Development Services Department. Although you will submit these plans separately, these two review processes may be conducted concurrently. You should also make sure that any necessary utility extension agreements are executed. For assistance with Civil Engineering or Building Department processing or scheduling, please contact your Project Manager Mark Geyer at (303)739-7588 in the Office of Development Assistance who will be pleased to assist you.
