## **D. REAL PROPERTY**

- Your gate located on the South side of your project appears to be encroaching into easements, a license agreement will be required. Contact Andy Niquette in Real Property at 303-739-7300 or [aniquett@auroragov.org](mailto:aniquett@auroragov.org) for submittal requirements. Once Andy receives what he needs, it usually takes 4-6 weeks to complete the process. The License must be complete and ready to record before we will record the site plan. Andy needs to have received your packet by the time I receive your next submittal from Planning or you may not have your project approved by the proposed date given on your timeline.

**Response: Please see attached for the approved and recorded License Agreement.**

If you have any questions on our responses or additional comments, please contact me.
