RockingHorse CSP No. 3 Amendment 2 and associated Replat for Filing No. 8 is a request to adjust property lot lines of the existing RockingHorse CSP No. 3 and Filing 8 Plat. The project proposes to revise lots on the southern portion of S. Winnipeg Ct. to change what are currently eight (8) lots to seven (7) lots. All lot lines will conform to previously established setbacks. These lots have not been built on and this revision will allow for the products of RockingHorse Filing 18 and Filing 19 to have a model home site in the existing model home park. For the CSP Amendment, thirteen (13) sheets have been revised as included in this submittal. For the Replat, a new plat is included in this submittal.

We appreciate your guidance and look forward to continued collaboration with you and the City of Aurora throughout the review process of this project. Please feel free to contact me with any questions or concerns.

Sincerely,
Norris Design
