REFERRAL COMMENTS FROM OTHER DEPARTMENTS

A. Civil Engineering Kristin Tanabe 303-739-7306 ktanabe@auroragov.org

See Marked up site plan in green for location of comments.

1. Indicate new sidewalk slope.
2. There is a 6" PVC called out on the approved site plan. Is that being removed?
3. Existing roof drains/storm line need to be relocated as required for the building additions.

B. Landscaping W. David Barrett 303-739-7133 wbarrett@auroragov.org

1. Remove all Ash trees from the plant list. Ash trees are no longer allowed to be planted in the City of Aurora because of the Emerald Ash Borer. If you have any questions about the Emerald Ash Borer, please contact Jacque Chomiak, the City Forester, at 303-739-7178.
2. Any dead or dying trees or shrubs should be replaced at this time.

C. Life Safety Neil Wiegert; 303-739-7613; nwiegert@auroragov.org

1. Do you have an actual Site Plan available? It would provide a much better background.
2. Note the location of the existing "14200" street address number.
3. Provide a label and a square symbol with an "X" inside the square to show the location of an existing Knox box adjacent to the front main entrance doorway to the building. If it is not existing, it needs to be provided and approved with this Site Plan amendment.
