Dear Mr. Marshall

Thank you for your technical submission, which we started to process on January 25, 2018. We have reviewed your submittal and attached our comments along with this cover letter. The first section of our review highlights community comments and the planning review comments. The following sections contain more specific comments, including those received from city departments and other review agencies.

Since minor issues still remain, you will need to make another technical submission on or after February 23, 2018.

As always, if you have any comments or concerns, please give me a call. I may be reached at 303-739-7266.

Sincerely,
