**Re: Initial Submission Review – 1400 Dayton St Redevelopment Plan**  
Case Number: **2018-6010-00**

Dear Ms. Vaessen:

Thank you for your initial submittal for the redevelopment plan which we started to process on 03/13/2018. We reviewed it and attached our comments along with this cover letter. The first section of our review highlights our major comments. The following sections contain more specific comments, including those received from other city departments and community members.

Since several important issues still remain, you will need to make another submission. Please revise your previous work and send us a new submittal.

Note that all our comments are numbered. When you resubmit, include a cover letter specifically responding to each item. The Planning Department reserves the right to reject any resubmissions that fail to address these items. If you have made any other changes to your documents other than those requested, be sure to also specifically list them in your letter.

As always, if you have any comments or concerns, please give me a call. I may be reached at 303-739-7220.

Sincerely,

Jonathan Woodward
