General Notes:

- The developer, his successors and assigns, including the homeowners association, shall be responsible for installation, maintenance and replacement of all fire lane signs as required by the City of Aurora.
- All signs must conform to the City of Aurora sign code.
- Right of way for ingress and egress for service and emergency vehicles is granted over, across, on and through any and all private roads and ways now or hereafter established on the described property, and the same are hereby designated as "Service/Emergency and Utility Easements" and shall be posted "No Parking - Fire Lane."
- The developer, his successors and assigns, shall be responsible for installation, maintenance and replacement of all landscaping materials shown or indicated on the approved Site Plan or Landscape Plan on file in the Planning Department.
- The approval of this document does not constitute final approval of grading, drainage, utility, public improvements and building plans. Construction plans must be reviewed and approved by the appropriate agency prior to the issuance of building permits.
- All building address numbers shall comply with Sections 34-122 and 34-129 of the Aurora City Code.
- Notwithstanding any surface improvements, landscaping, planting or changes shown in these site or construction plans, or actually constructed or put in place, all utility easements must remain unobstructed and fully accessible along their entire length to allow for adequate maintenance equipment. Additionally, no installation, planting, change in the surface, or cetera shall interfere with the operation of the utility lines placed within the easement. By submitting these site or construction plans for approval, the landowner recognizes and accepts the terms, conditions and requirements of this note.
- All interested parties are hereby alerted that this site plan is subject to administrative changes and as shown on the original site plan on file in the Aurora City Planning Office at the Municipal Building. A copy of the official current plan may be purchased there. Likewise, site plans are required to agree with the approved subdivision plat of record at the time of a building permit; and if not, must be amended to agree with the plat as needed, or vice versa.
- Final grade shall be at least six (6) inches below any exterior wood siding on the premises.
- Errors in approved site plans resulting from computations or inconsistencies in the drawings made by the applicant are the responsibility of the property owner of record. Where found, the current minimum Code requirements will apply at the time of building permit. Please be sure that all plan computations are correct.
- Roof-top mechanical equipment will be screened on all visible sides at a minimum 4'-0" separation 4'-0" high. Screening shall be constructed of metal framing and hardboard siding materials. Paint color shall match "warm concrete gray" of building facade.
- To meet City Code parking requirements for this project, applicant has secured a contractual agreement with the adjacent property owner to the north to lease the use of 14 of its parking spaces Monday through Friday, along the north face of the building. Applicant is responsible for maintenance of parking. If parking agreement expires or is otherwise nullified, property owner is responsible for obtaining sufficient parking subject to the review and approval of the City.
- All improvements as designated on the Redevelopment Plan as submitted will be constructed or otherwise put into place by October 15, 1996.
- Requirements of the American Disabilities Act as applicable for this project shall be met.

ADMINISTRATIVE AMENDMENT 10-8-97

Site Plan
 Scale: 1" = 20'
 NORTH

16. "Accessible exterior routes" shall be provided from public transportation stops, accessible parking and accessible passenger loading zones and public sidewalks to the accessible building entrances they serve. At least 50% of all building entrances shall be accessible. The accessible route between accessible parking and accessible building entrances shall be the most practical direct route. No slope along this route may exceed 1:20 without providing a ramp with a maximum slope of 1:12 and handrails. Crosswalks along this route shall be wide enough to wholly contain the curb ramp with a minimum width of 36", and shall be painted with white stripes. Required accessible means of egress shall be continuous from each required accessible occupied area to the public way. The "Accessible Exterior Routes" shall comply with UBC Chapter 11, Appendix 11, and CABO/ANSI 117.1.

- LANDSCAPE NOTES:**
- 4 trees of 2" to 2-1/2" caliper are to be planted east of city sidewalk within property line.
 - Tree Type (SL): QUERCUS TRUNCATOS INTERMIS "SKYLINE" or Skyline Honey Locust.
 - Planting detail at concrete pavement to meet all applicable City Codes.
 - All trees will be watered by way of irrigation system.
 - Landscape installation shall be completed prior to the issuance of a permanent Certificate of Occupancy.
 - Open steel guard rails at Deck shall be 42" high with vertical rails 6" maximum spacing.

Legal Description:

Lots 6 to 9 Inclusive, Block 22, except the rear or easterly 8 feet thereof, Aurora, County of Adams, State of Colorado

This Site Plan and any amendments hereto, upon approval by the City of Aurora and recording, shall be binding upon the applicant, their successors and assigns. This Plan shall limit and control the issuance and validity of all building permits, and shall restrict and limit the construction, location, use, occupancy and operation of all land and structures within this Plan to all conditions, requirements, locations and limitations set forth herein. Abandonment, withdrawal or amendment of this Plan may be permitted only upon approval of the City of Aurora.
