**Re: Second Technical Submission Review – Aurora Mall Fieldhouse USA – Site Plan Amendment**  
Application Number: **DA-1105-16**  
Case Number: **1985-6028-26**

Dear Mr. Van de Bosche:

Thank you for your second technical submission, which we started to process on May 29, 2020.

All items relative to the Site Plan Amendment have been addressed. The only remaining comments relate to completing the Preliminary Drainage Report as well as all easement releases/dedications and license agreements.

Since the Site Plan is ready for final approval, please communicate with Kristin Tanabe of Public Works regarding the completion of the Preliminary Drainage Report. If the Preliminary Drainage Report and easement releases/dedications and license agreements are complete, we will then be able to update the record copy. *Please note that the additional stormwater license agreement related to the civil plan review will not need to be complete in order to complete the Site Plan Amendment.*

Once I receive communication that these processes have been completed, I will update the record file. Additionally, I will approve the planning review for the Fieldhouse building permit.

As always, if you have any comments or concerns, please give me a call. I may be reached at (303) 739-7184.

Sincerely,

Heather L. Lamboy, AICP  
Planning Supervisor  
City of Aurora Planning Department
