Aurora, Colorado 80012

Re: Cornerstar Healthcare Plaza
Case No. 2013-6002-02

Dear David:

We are resubmitting the enclosed site plan documents for the above-referenced case incorporating the City's comments stated in a letter dated November 20, 2019. We have addressed the comments as follows:

A. Landscaping - W. David Barrett

1. Landscaped islands have not been added as the parking noted is existing and will not be modified.
2. Detailed grading for the new sidewalk and curb ramps has been added to comply with COA and ADA requirements.
3. The requested landscape island with 1 tree and 6 shrubs at the east end of the proposed parking spaces has been provided at the mid-point of the proposed parking in order to maintain the existing sidewalk ramp at the east end.

B. Forestry - Rebecca Lamphear

1. Tree protection notes have been added to the landscape plan.

C. Civil Engineering – Kristin Tanabe

1. Proposed signs for pedestrian crossing have been added.
2. 5-foot landing for curb ramps have been added.
3. Detailed grading for the new sidewalk and curb ramps has been added to comply with COA and ADA requirements.
